About This Game

Castle Demolition VR is a casual game that allows the player to unleash total destruction upon unsuspecting structures. With 15 challenging levels to play, the good times just keep on rolling!

There are 15 levels to play, and 4 different types of ammo to destroy the castles with. Each new level has its strengths and weaknesses that can change how you approach them.

Memory: 4 GB RAM

Graphics: NVIDIA GTX 970 or AMD Radeon R9 290 (equivalent or better)

Storage: 2 GB available space

English

Looks like it could be a fun little game. The problem is, whenever you make a shot you are flung out with the cannon ball. This is very unsettling. I could only play for a very short while before becoming dizzy. I strongly suggest making that feature optional. Maybe have a little screen in the launch area that you can view to shot from or have a playback.. Looks like it could be a fun little game.
